

**Brimfield Board of Health
Meeting of October 4th, 2022**

Board Members Present: Chair R. Costa, Co-Chair, K. Marino and M. Koprowski
Present: Administrative Assistant Michelle Metcalf, Health Agent Jamie Terry
Homeowner: Arthur Bonneau

The meeting was called to order at 6:32pm

- **261 Little Alum- Raw sewage breakout**
The property owner has decided to increase the septic system from 3 bedrooms to a 5 bedroom septic system. Soil testing will be done on the property for testing for the increase in system. Health Agent J. Terry was ok with the increase in septic system if the process moves quickly due to the health hazard of the system leaching out. The homeowner has got the financing order and septic plans have been dropped off and reviewed by the health agent.
- **COVID-19- Update**
Health Agent J. Terry reported that case numbers have increased. Supplies have come in COVID test and masks. Health Agent dropped supplies off to PD, Fire Station, school and the BOH office. Flu Clinic has been scheduled for Oct 19th, 2022. COVID vaccine will not be available at this clinic. State requires 300 vaccines to be ordered. The town health nurse had a clinic in a larger town and very little vaccine we administered. Health Agent and Town Health Nurse are in discussion to see if they can use some of the vaccines from the other town clinics that were left over from the 300. Health Agent will keep the board posted.
- **189 Palmer Road- Septic Repair 3 Bedroom**
Lorri McCool is the Engineer. System is a 3 bedroom repair. Not variants no vote needed
- **Minutes 9/22/2022**
M. Koprowski made a motion to approve edited minutes for the meeting 9/22/2022
Seconded by K. Marino. **(Yes)** K. Marino, **(Yes)**, **(Yes)** R. Costa, **(Yes)** M. Koprowski.

Meeting adjourned at 6:52PM

Respectfully submitted,

Michelle Metcalf
Administrative Assistant

Next meeting will be held November 1st, 2022
